

HAPPY RELATIONSHIPS – How to get on with people who don't think like you

Have you ever met someone and instantly knew you were not going to get on?

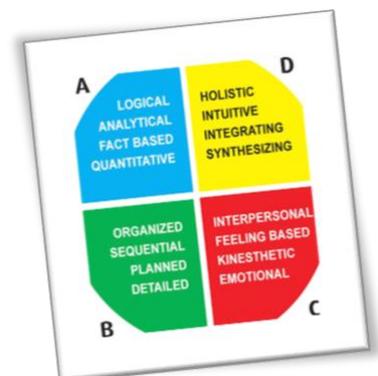

That's ok as long as you are never going to meet them again. But what happens if this is a client or a work colleague who you have to interact with on a daily or weekly basis!

Often when you find it hard to connect with someone it's because they don't think like you do. There is nothing wrong with this, as long as you are aware of it. Being aware of your thinking preferences and learning how to clue spot the thinking preferences of others will give you the leading edge in business.

If you would like your people to communicate more effectively, problem solve more effectively, close sales more effectively and create great relationships, then make sure you book this presentation for your next staff training day.

This engaging and interactive presentation will provide people with the following:

- An introduction to Whole Brain® Thinking
- An awareness of how they think and what impact this has on others
- Why they need to speak the language of people who don't think like them
- How to apply Whole Brain® Thinking at work and at home
- A greater awareness of self

How long: 60 or 90 minutes

How to book : Call Claire Massingham on 0406 393 845 or email claire.e.massingham@gmail.com
